

Clinton S. MacQueen

April 6, 1979 - October 3, 2024

Clinton Steven MacQueen was born April 6, 1979 and his earthside journey ended October 3, 2024.

He grew up in Allen Texas where his love for the Texas Longhorns began. He was raised by his beloved dad, Clint Dowdy. He attended Allen County High School and went on to serve in the United States Air Force. He was stationed at Langley Air Force base in Virginia and served in Saudia Arabia. He was proudly awarded the John Leveto award. He married Adrienne Leinart and they shared two wonderful daughters Audrey and Lily.

Clinton went on to get his bachelor's degree from Governors State University graduating proudly with a 4.0 GPA. He was employed with Shapiro Center as their IT coordinator and has spend 17 years employed within the company.

May 11, 2024 he married Stephanie Hall and was a loving step father to their son Braylin Depaepe. They also shared together their German Shepard fur baby, Rhea.

Clinton lived for his Tuesday night jam sessions with his brother from another mother, Josh Witthoft. They shared many evenings together writing songs, playing guitar, and singing their music. He loved a good game of golf and would never pass up a karaoke night. He enjoyed riding motorcycles and anything to do with a fast car. Clinton loved his friends, family, and children with all of his being. He made a friend in any and every room he was in.

Although his cancer battle was short, he fought until the very end.

His caring and giving character did not end there as Clinton was an organ

donor in his final wishes. There won't ever be anyone like Clinton MacQueen. His sense of humor was contagious and he made everyone laugh, always. He will be so dearly missed by everyone who had the opportunity of knowing him. In lieu of flowers please make donations to the family. A celebration of life will be held at a later date.

I remember the first day he was employed. We talked about everything. His young family, my country Kenya, his IT background. I remember encouraging him to just hang on till and IT position opened up. He was a real genuine soul! Rip buddy!
