“ Ahhh Jesse you rolled in to our life 26+ years ago we laughed we cried held each other up! Vacations too numerous! Rides to the mountains took ya to the ocean ☐ you never turned down to help us out! We miss you dearly more than you probably ever thought possible! You were Al's buddy! My family is broken! I hope we do you proud! Save margaritas!

Bridgette, I'm proud of both you and Allen that Jesse had you two in his life. It's hard to come by real good friends that has your back.. Now that's special. Jesse has always talked great things about you and your family. I may be wrong about this, but I can't remember if we met before or just knowing that Jesse had some really great friends. Thank you for being there for him every time and especially at the end. He's not suffering anymore thank God. I pray that God holds His hand upon you and your family always. Also I ask God to put a band of angels around your house for protection, strength, guidance, and peace. In Jesus name. Amen. God bless you all.
