“ *Moe was going to help me with a project and I was looking forward to getting to know him better. There is no one to replace him. Moses is an extremely unique being and I felt as if I'd known him forever. The soul does not die so I find myself talking to him in my head. The loss to the AA community is great but he lives on with us in memory.*

“ *Mo was a great friend. He was always willing to lend a helping hand and taught me important lessons in friendship and being a good human being. I'll remember his hugs and the way he smiled. I'll miss him dearly and always keep him in my heart. Thank you to his family for helping bring such a light into the world. It's still burning.*

“Moses was an individual dear to many, and an unseen Samaritan in the background of countless stories. He helped with local services frequently, including assisting with wildlife rehabilitation. I was fortunate to share a trip to the historic French Quarter of New Orleans with him several years ago.

I miss him every day.

I've met and shared a few moments of life with Moses. I was fortunate on several occasions to cut his hair. A gentle spirited young man. I'm so sorry for your loss. Hearts never forget.
