To my beautiful daughter, I love you nothing can ever change that. Thank you for the 39 years of great memories, my heart is broken. I just can't get you out of my mind. I will really miss you but I won't never forget you. I keep thinking about the last time we talked and you said I love you Daddy. I can still here it, and it hurts. I still have your voice mail with you saying I love you Daddy. Oh it hurts, my heart is broken I don't know how to heal a broken heart when my heart is in a million pieces. 💔 God has gained my little angel, May you forever rest in peace. Love love ..love you till I see you again. Say hi to all the family in heaven.

“ Tabitha was my best friend, my favorite cousin & I was her ride or die person. Told her that she could talk to me about anything she wanted. Now that she is gone...she will never be forgotten. We never took pics together because she didn't want us to be known as the crazy cousins when being put together. I still love her to this day. She will never be forgotten. LIVE ON COUSIN TAB!!! I love u so much. This isn't good bye. This is see you in heaven till I pass on. Please wait for me. YOU WILL ALWAYS BE MY RIDE OR DIE. I love you so much. Thinking of you & family in this time of need. You will always be a great person.

I've known Tabitha since she was 6 years old. There were alot of sweet memories of her growing up. I enjoyed listening to her sing while she played her guitar. She was very talented and pretty. She had a hear of gold. She will be missed by all who were lucky enough to know her. May she find peace and love in Heaven. We love you Tabitha..then, now and ALWAYS. ❤️

Tabitha Thompson to grandma you were the cookie monster because everything you went to grandma's house you would eat all her cookies. To aunt Bonnie you were little mis Tabitha no matter what people called you, You were always Daddys little girl my only child that I love dearly. You left me with a million great memories, that I can't stop thinking about the one that hurts the most is the last time we talked and at the end I said I love you and you said I love you too Daddy. That should be a great taught but I can still her your voice. Or the voice mail I got when I wasn't home and I still have that voice mail and at the end you say love you daddy it just hurts so much. I will always love you and you will always be Daddys little Girl. Thank you for the 39 years of great memories. Daddy will see you in heaven may you rest in piece. 🙏
